

# Anti-trust

# Guilty!

# No Privacy

Information Overload at your Fingertips  
Write in your name just to be in the Game  
Now they've got your number, the goods to pin you down  
Hello Mr. Doe can we sell you your Life?

There's a fly on the Wall  
Listening to every Word I say  
There's an eye in the Sky  
No... Privacy, No... Privacy

Everywhere you go the go, the Walls are full of Eyes  
Smile for the Cameras, 'cause it's your lucky Day  
50 Seconds for Fame, your Spot on TV  
Big Brother, he's watching and he's taunting me...

There's a fly on the Wall  
Listening to every Word I say  
There's an eye in the Sky  
No... Privacy, No... Privacy

All the information it's right up there online,  
Opening up a world hurt for Computer Crime  
Research your life, and spy on neighbor Sam,  
Who's got his eye on you with his digi-cam...

No... Privacy, No... Privacy  
No... Privacy, No... Privacy  
No... Privacy, No... Privacy  
No... no, no... NO!

# Day by Day

Day by Day and night after night  
I walk around not feeling right  
Can hear the voices talking so loud,  
What the Hell, there's no one around  
Cannot sleep, cannot write  
Cannot work and cannot hide  
Cannot stand this misery,  
I don't know what's wrong with me

Day by Day, just take it slow today  
Day by Day, just let it go away  
Day by Day, and Night after Night  
Day by Day, just get it right  
Day by Day, Night After Night  
Day by Day, just get it right

Every Day and every Night  
I'm struggling through my inner fight  
Chasing yet another frill  
It's nothing more than time to kill  
Don't know where I'm going  
but I sure know where I've been  
Walking on the edge of a knife  
Can't make sense of fucking life

Day by Day, just take it slow today  
Day by Day, just let it go away  
Day by Day, and Night after Night  
Day by Day, just get it right  
Day by Day, Night After Night  
Day by Day, just get it right

Every Day and every Night  
I try to find my guiding light  
I'm working hard stay in the 'Now'  
But I cannot seem to figure out how  
Inner self, inner mind  
Should trust myself to what I find  
Gotta loose this misery,  
I've gotta find, what's right for me

Day by Day, just take it slow today  
Day by Day, just let it go away  
Day by Day, and Night after Night  
Day by Day, just get it right  
Day by Day, Night After Night  
Day by Day, just get it right

Day by Day, Day by Day...

# Sick Inside

Stepping out from your soul,  
Burnt up, burning out  
Sick inside, sick inside, so alone 3x  
Loss of life takes its toll  
No time to live, no time to try  
Sick inside, sick inside, so alone 3x

# Guilty as Charged

The pressure is weighing me down  
From people all around of this town  
Conform to the lie, or give up and die  
No room for individuals to see eye to eye

They are going to make us pay  
Our debt to society  
No trial, no justice, hung out to dry  
I'm guilty as charged, I'm guilty as charged

Can't live my life by the rules anymore  
Gotta get out and find my own core

They are going to make us pay  
Our debt to society  
Locked up, shut down, thrown to the floor  
Guilty as charged, I'm guilty as charged

I'm guilty, guilty, guilty as charged..  
Guilty, guilty, guilty as charged..  
Society's guilty, guilty as charged..  
Society's guilty, guilty as charged!

# Change

Financial catastrophe, political bankruptcy  
Ready to destroy the democracy  
Social idiocy - complete fucking apathy  
To the backdrop of - total hypocrisy...

Greed that leads to misery, that robs all the treasury  
Surveillance from above, the loss of privacy  
Heinous acts of treachery, without a charge of perjury  
The eye in the sky, to kill all privacy

Change!  
It's all gonna change,  
nothing stays the same,  
it's an all new Game

Change!  
it's all gonna change,  
the Status Quo is done,  
and nothing stays the same

Debt fueled insanity, malinvested robbery  
Ready to produce inequality

Trickle up economy - legalized burglary!  
Nothing more than... financial chicanery

Red pill, blue pill make a choice,  
pretend that you still have a voice  
Shut up and go back, to your phone-y toys

Change!  
It's all gonna change,  
nothing stays the same,  
it's an all new Game

Change!  
it's all gonna change,  
the Status Quo is done,  
and nothing stays the same

We all have to... change, we all have to...  
Change... Change!

Police brutality, legalized lethality  
Ready to destroy our society

Fascist pigs and Commie grunts,  
Nothing more than media stunts  
The fight is televised... on the media front

Change!  
It's all gonna change,  
nothing stays the same,  
it's an all new Game

Change!  
It's all gonna change,  
the Status Quo is done,  
and nothing stays the same

We have to change, or we will be changed  
We have to change, or... we... will... be.... Changed!

# Fear Factory

Circular logic from circular sources  
The talking head that only reinforces  
Technocratic pseudo science  
The righteous source of forced compliance  
Repeat the rhyme, again and again

Shut up, and Obey  
There's nothing you can say  
Fear Factory, Fear Factory  
The Fear Factory way

Shut up, and Obey  
Day after day  
Fear Factory, Fear Factory  
The Fear Factory way

Oh Dear, Oh my, the sky is falling  
When does the next crisis come a-calling  
Russian Spies, and Commie bots,  
Syrian gas, and brutal cops  
Repeat the rhyme again and again

Shut up, and Obey  
There's nothing you can say  
Fear Factory, Fear Factory  
The Fear Factory way

Don't do what we do,  
Just do what we say,  
Fear Factory, Fear Factory  
The Fear Factory way

Are you entertained, are you having your fun?  
Living your life under the feudal thumb  
Do as I say, don't do as I do  
The Hypocrites are just laughing at you!

Shut up, and Obey  
Just do what we say,  
Fear Factory, Fear Factory  
The Fear Factory way

Shut up, and Obey  
Day after day  
Fear Factory, Fear Factory  
The Fear Factory way

# Realities of Violence

Broken glass, Kicking Ass  
No one tells him what to do,  
Drinking Booze, Born to Lose  
Everyone knows he's no one's fool  
Knife Fights, Neon Lights  
The Cops are looking for him tonight...  
Alright... Alright

Trust no one, trust no man  
All the same, another fucking Scam  
Cop Cars, Television Stars  
Lock 'em up behind Bars  
Crash Course, Show of Force  
Another Wife, another Divorce  
No time to standing in Line,  
Better not drop the Dime

Realities - of Violence  
Realities - of Violence  
Reality... Reality

Broken glass, Kicking Ass  
No one tells him what to do,  
Drinking Booze, Born to Lose  
Everyone knows he's no one's fool  
Knife Fights, Neon Lights  
The Cops are looking for him tonight...  
Alright... Alright

Knife Fights, Neon Lights  
The Cops are looking for him tonight...  
Another Beer, No Fear  
Live your Life another Year

Realities - of Violence  
Realities - of Violence  
Reality... Reality

Violence, Violence... Violence

# Antisocial

Just stay away from me  
Just leave me alone  
I'm gonna figure it out  
All on my own  
Don't wanna talk to you,  
I don't want to see  
I don't know, I don't know, I don't know...

I'm antisocial today...  
I'm antisocial today... (2x)

I've heard it all  
I don't care what you want  
I'm telling you, I've had enough of this today  
I walking away  
And I'm never looking back  
I don't care, I don't care, I don't care

I'm antisocial today...  
I'm antisocial today... (2x)

I walk alone  
No time for anyone  
Don't need nobody to make me feel alright  
No boring lines  
and no bullshit games  
I don't mind, I don't mind, I don't mind

I'm antisocial today...  
I'm antisocial today... (2x)

**No More Lies**  
Dangle the carrot and walk out the stick  
Gives you the right to be a fucking prick  
Your hair is on fire every single day  
Have you lost your mind today?

Can't stand this incredible time  
Where everyone wants one more fight  
No more Lies, No more Lies  
No more Lies, No... more... Lies

Lies of omission tell half the truth  
Build up the numbers, distract and confuse  
Statistics that skew, protecting positions  
A stroke of a pen adjusts the omissions

Can't stand this incredible time  
Where everyone has no more rights  
No more Lies, No more Lies  
No more Lies, No... more... Lies

Fanning the flames, of races and hate  
Nothing you say, is up for debate  
Numbers that lie just building consent,  
It's a long way down in the final descent

Can't stand this incredible time  
Guilty as charged, on pre-crime  
No more Lies, No more Lies  
No more Lies, No... more... Lies

I say, what'd you do?  
Can't tell you what to do...

Stand back and watch you die  
your own suicide

I say Misery, such such Misery  
Misery, Misery, Misery...

Misery!

# Guilty as I am You

I'm everything that you hate and despise  
I'm everything that you loathe and disguise  
I'm everything that you wish you could be  
I'm the motherfucker you can't stand to see

I am you and you are me,  
I am you and you are me,

Search and Destroy,  
Kill everything you know  
Apocalypse now, Apocalypse now (2x)

Look in the mirror and what do you see?  
A world of hatred looking back at you and me!  
Punch and smash the glass with your fist of pain  
You know you're everything that's gone insane

I am you and you are me,  
I am you and you are me,  
Search and Destroy,  
Kill everything you know  
Apocalypse now, Apocalypse now (8x)  
Apocalypse now, Apocalypse now
